

PRODUCT INFORMATION SHEET

**Product Name: SYNTEGRA 10W50 CI-4 SL
FULLY SYNTHETIC ENGINE OIL**

PRODUCT

Prolube Syntegra 10W50 is a multi-function diesel/petrol/LPG engine oil incorporating the latest developments in synthetic lubricant technology. It provides enhanced engine component protection in high load, high performance and competition applications. There is the potential to significantly expand drain cycles and to achieve gains in fuel economy as well as an upgraded capacity to withstand extreme heat and humidity.

Viscosity
Typical 14.5 cSt @ 100°C
Typical 104 cSt @ 40°C

APPLICATION

This oil is designed for all 4-stroke motors using LP, ULP, PULP, LPG and diesel fuels including multi-valve, turbo-charged and super-charged models. It has been specifically designed for extended drain service intervals in extreme conditions and wide temperature variations. Oil analysis is recommended to achieve optimum drain periods.
