

PRODUCT DATA SHEET

PROSTOP DOT 4

(ABS COMPATIBLE DISC BRAKE AND CLUTCH FLUID)

DESCRIPTION

Prostop DOT 4 Disc Brake and Clutch Fluid is a special blend of glycol ethers, corrosion inhibitors and fluid modifiers designed to meet the needs of braking systems, including drum, disc and ABS, which are used in all types of vehicles including cars, trucks, buses and coaches operating under heavy duty conditions.

The fluid has a high boiling point, low moisture absorption and is compatible with all metals and seals typically used in braking systems. An additional feature is its ability to sustain high vapour lock temperatures throughout its service life.

APPLICATION

Formulated for automotive drum brake systems, disc brake systems, ABS brake systems and hydraulically actuated clutch systems.

STANDARDS

Meets or exceeds the following:

AS/NZS.1960.1-2005 GRADE 3

SAE J1704

FMVSS No. 116 DOT 4

ISO 4925 Class 4

GMH HN 1796

Ford ESW-FM6C-2, ESZ-M6C-55A

PROPERTIES

Appearance: Green Liquid

ER Boiling Point °C: 243 - 265

Wet ER Boiling Point °C: 155 Min

Viscosity at -40°C: 1500 cSt Max

CONTAINER SIZES

205 Litres, 20 Litres, 5 Litres, 500 ml

Issue Date 1/10/20
