

PRODUCT DATA SHEET

4 STROKE MOTOR OIL

(SAE 30 SF, OPE - OUTDOOR POWER EQUIPMENT)

DESCRIPTION

4 Stroke Motor Oil is a monograde SAE30 SF oil with a red dye identifier, originally designed to meet Briggs and Stratton requirements for their 4-stroke air-cooled motors fitted in various outdoor power equipment applications.

Viscosity - Typical 11.5 cSt @ 100°C

APPLICATION

Designed for outdoor power equipment motors where SAE 30 monograde oil is specified or indicated. It is particularly suitable for air-cooled 4-stroke motors that may react unfavourably to modern, multigrade engine oils.

STANDARDS

Meets or exceeds the following:

SAE Grade: SAE 30

API: SF

CONTAINER SIZES

Bulk, 1000 Litres IBC, 205 Litres, 20 Litres, 5 Litres, 1 Litres

Issue Date 1/9/2019
