

PRODUCT DATA SHEET

SYNTEGRA C2 0W30

(FULL SYNTHETIC ENGINE OIL MID SAPS)

DESCRIPTION

Syntegra C2 0W30 is an ultra high performance, fully synthetic motor oil using the latest mid “SAPS” technology to provide optimum performance in current model petrol and diesel engines requiring low emission exhaust aftertreatment. It is suitable for naturally aspirated and turbocharged motors.

This product is particularly recommended where the manufacturer requires the use of lower viscosity multigrade oil or where vehicles encounter lower temperature operation, providing superior component protection at cold start-up. Its high performance, balanced additive formulation ensures cleaner running from superior deposit control and wear protection from the corrosion inhibitors and anti-oxidation chemistry.

Viscosity Typical 11.4 cSt @ 100°C

APPLICATION

This oil is designed for late model 4 stroke petrol engines, particularly multi-valve, multi-cam models requiring a low viscosity oil for fuel economy, low emissions and high performance. It is also ideal for modern car and SUV diesel engines. This ACEA C2 0W30 product is most commonly specified in engines post 2014, but also provides excellent protection in older engines. It is recommended for all Toyota models which list this specification. It is suitable for passenger vehicles fitted with Diesel Particulate Filters (DPF).

STANDARDS

Meets or exceeds the following:

SAE Grade: 0W30

API: SM, SN, CF

ACEA: C2-16 (2016)

MB 229.31, MB 229.51, MB 229.52

VW 505 00, 505 01, 502 00

BMW Longlife 4

Porsche

PSA B712290

JASO MA

Jaguar Land Rover ST JLR.03.5004

Ford WSS-M2C948-B

Suitable for use where GM Dexos 2 ® is specified

CONTAINER SIZES

1000 Litres IBC, 205 Litres, 20 Litres, 5 Litres

Issue Date 1/10/21
