## PRODUCT DATA SHEET

# MONOTEC 50

(SAE 50 CF SG)

## DESCRIPTION

Prolube Monotec 50 is proven SAE 50 monograde engine oil which provides all-round protection for Diesel engines in moderate conditions. Monotec 50 is particularly suitable for use in older model vehicles and helps to reduce oil consumption. Monotec 50 is also suitable for transmissions and gears where straight mineral oil with minimal antiwear is preferred.

Viscosity - Typical 19.0 cSt @ 100°C

## APPLICATION

Designed for engines and transmissions where an SAE 50 monograde oil is specified or indicated. It is particularly suitable for older style motors, including 2-stroke diesels, that may react unfavourably to modern, multigrade engine oils.

## STANDARDS

Meets or exceeds the following:

SAE Grade: 50  
API: CF, CF-2, SG

## CONTAINER SIZES

Bulk, 1000 Litres IBC, 205 Litres, 20 Litres, 5 Litres

Issue Date 28/1/21

*Proven Protection. Powerful Performance.*
