

PRODUCT INFORMATION SHEET

Product Name: SYNTEGRA C1

PRODUCT

Prolube Syntegra C1 is fully synthetic motor oil formulated to meet the specific fuel economy requirements of modern passenger car diesel engines with diesel particulate filters (DPFs). Syntegra C1 is formulated with the latest Ultra Low SAPS additive technology to provide a stable, stay in grade product to meet the ACEA C1 specifications.

This product provides excellent fuel economy and protection against wear and oil oxidation to meet the longer oil drain requirements of many modern European diesels.

Viscosity

Typical 9.7 cSt @ 100°C

APPLICATION

Prolube Syntegra C1 is designed for use in high performance gasoline and light duty diesel engines where advanced after-treatment systems such as Diesel Particulate Filters (DPFs) and Three Way Catalysts (TWC) are used. Syntegra C1 meets the requirements of modern diesel powered vehicles requiring ACEA C1 specification lubricants. This especially applies to many European manufactured vehicles. Syntegra C1 is recommended for use where the manufacturer specifies a C4 type oil.

STANDARDS

Meets or exceeds the following:

SAE Grade: 5W30

ACEA C1-16 (2016)

Ford WSS-M2C-934B

CONTAINER SIZES

205 Litres,

20 Litres,

5 litres.
