

## PRODUCT DATA SHEET

# **AUTOSYN LV**

**(MULTI-VEHICLE AUTOMATIC TRANSMISSION FLUID)**

## DESCRIPTION

Autosyn LV is a multi-vehicle Automatic Transmission Fluid formulated from synthetic base oils blended with the latest premium top tier additive package to provide a highly shear-stable automatic transmission fluid which meets the lower viscosity requirements of some modern transmissions.

It extends transmission life by incorporating performance anti-wear additives, enhanced frictional properties for smoother gear changes, reduced deposit formations, longer service life due to the full synthetic base stocks and shear-stable additive technology.

Viscosity - Typical 6.0 cSt @ 100°C

## APPLICATION

A multi-vehicle ATF for use in the latest model Asian vehicles which specify a low viscosity ATF in seven, eight and nine speed transmissions.

This product is suitable a range of modern passenger vehicles and is also suitable for some light commercial vehicles as per the list.

Not recommended for Ford Type F/G, DCT and CVT applications.

## STANDARDS

Meets the performance requirements of:

JASO 1A LV

DEXRON VI

## CONTAINER SIZES

205 Litres, 60 Litres, 20 Litres, 5 Litres

Issue Date 1/9/2019

*Proven Protection. Powerful Performance.*
