

PRODUCT DATA SHEET

AGTRANS WB

TRANSMISSION FLUID

DESCRIPTION

Agtrans WB is a high performance Transmission and Hydraulic Fluid, blended to meet the requirements of specific off-road machines requiring enhanced wet brake performance and extended drain capability. Agtrans WB provides excellent frictional characteristics necessary to eliminate brake chatter or squawk in wet brakes.

Agtrans WB has the added bonus of a corrosion inhibition package to coat and protect internal metal surfaces in periods of shut down such as between seasons.

Viscosity - Typical 10.5 cSt @ 100°C

APPLICATION

This fluid is designed for use in off-road equipment requiring a common lubricant for transmission, final drive, hydraulics and enhanced wet brake performance. It has been formulated for temperate to hot conditions where sustained thermal stability is essential.

STANDARDS

Meets performance requirements of off-road transmission manufacturers including:

| | |
|-----------------------|---|
| API | GL4 80W |
| Allison | C4 |
| ZF | TE-ML 05F, 03E, 06E,F,K, N, R, 17E, 21F |
| Volvo VCE WB 101, 102 | |
| Deutz-Fahr | |
| Caterpillar TO-2 | |
| Kubota UDT Fluid | |
| HCE 102 / 102W | |

CONTAINER SIZES

1000 Litres IBC, 205 Litres, 20 Litres

Issue Date 1/9/2022
