

PRODUCT DATA SHEET**SYNTEGRA TRANSTEC 10W**
(FULL SYNTHETIC MONOGRADE OIL SAE 10)**DESCRIPTION**

Syntegra Transtec 10W is a fully synthetic monograde oil developed to provide extended drain capability in hydraulics and some hydrostatic transmission systems of modern high performance earthmoving equipment. It contains a quality detergent dispersant additive pack to keep systems clean and to prevent sludge and varnish. Extended drain intervals to 6000 hours are possible with oil analysis monitoring. This premium product provides excellent anti wear protection for vane and piston pumps in severe conditions.

Viscosity Typical 6.7 cSt @ 100°C
Zinc Content – 900 ppm wt Typical

APPLICATION

Syntegra Transtec 10W is recommended for hydraulic systems where a low viscosity monograde SAE 10W oil is specified or indicated. The normal use for this oil is in the hydraulic systems of mobile plant where a high detergent oil with zinc antiwear is specified and extended oil drains are preferred.

STANDARDS

Meets or exceeds the following:
SAE Grade: 10W
API: CF

CONTAINER SIZES

205 Litres, 20 Litres

Issue Date 31/3/2020

Proven Protection. Powerful Performance.
