

PRODUCT DATA SHEET

XHP 4ST VT 20W50 SN

(FULL SYNTHETIC 4 STROKE ENGINE OIL)

DESCRIPTION

XHP 4ST VT 20W50 SN is a new generation fully synthetic engine oil specifically developed for high performance V-Twin four stroke motor cycle engines. It has a balanced additive system containing correct friction characteristics and antiwear additives to give excellent performance in high stress applications. The friction characteristics of the oil are designed to give the correct level of wet clutch operation when combined with the gearbox. XHP 4ST VT 20W50 is formulated to be optimal for exhaust catalyst protection while still providing superior deposit control and cleanliness performance.

Viscosity - Typical 17.7 cSt @ 100°C

APPLICATION

This oil is designed for modern V-Twin four stroke motorcycles with combined engine, transmission and wet clutches systems. It is also suitable for motorcycles where the engine is separate from the transmission. The XHP oil gives superior protection for components encountering lower temperature operation with cold starts. This product is recommended for Harley Davidson V-Twin engines.

STANDARDS

Meets or exceeds the following:

SAE Grade: 20W50

API: SN, SN Plus,

JASO: MA, MA2

CONTAINER SIZES

Litres, 205 Litres, 20 Litres

Issue Date 17/6/2021
